EVGA | Product Specification Sheet

e-GeForce 6200

Part Number: 256-P1-N399

- 256MB
- DDR2
- TV-Out
- PCI

At A Glance

- GeForce 6200 (300MHz clock)
- 256MB 64-bit DDR2 Memory (266MHz clock - 533MHz effective)
- PCI 2.1 Compatibility
- PC 99DB-15 analog connector (VESA DDC2B + DPMS)
- Integrated NVIDIA TV Encoder (S-Video)
- DVI-I Connector for Analog/Digital Display
- 4.26 GB per second memory bandwidth

Interface

- VGA
- TV-Out
- DVI-I

Features

- Superscaler 4-pipe architecture
- CineFX 3.0 Engine
- NVIDIA Intellisample™ 3.0 Technology
- NVIDIA UltraShadow™ II Technology
- 128-bit Studio precision computation
- 64-bit texture filtering and blending
- Integrated Dual 400MHz RAMDACs
- NVIDIA Digital Vibrance Control™ (DVC) 3.0
- NVIDIA nView multi-display technology
- Advanced adaptive de-interlacing
- True color 64x64 hardware cursor with alpha
- Optimized for 32, 24, 16, 15 and 8-bpp modes
- Integrated Full-Hardware MPEG Support for Direct Show enabled decoder software

Driver Support

- ResChanger©
- NVIDIA Unified Driver Architecture (UDA) (Windows Vista/XP/2000)
- Full DirectX 9.0 support
- Full OpenGL ICD for All Supported Operating Systems

Dimensions

- height: 4.25in - 108mm
- length: 6.5in - 165mm
